Hotel Amenities & Cosmetics

Personal care for the guest - a key to success

After a long and tiresome journey everyone needs their own 'me time'. A relaxing scent to help you free your mind and body of the everyday stress. A soothing sea salt bath with plant extract softens and tones the skin. There is hardly any guest who will not feel flattered by such temptations.

Lead by our clients' desire to create unique atmosphere for their guests, we designed this useful catalogue. We put in much love and passion to select products, which are part of the hotel standards, yet add a personal touch to the interior of every renowned hotel.
